# Inman announces Ambassadors for Connect New York 2019

The Inman community is made up of the best and brightest in real estate. And connecting this diverse, enthusiastic group of real estate professionals is an important part of our mission. Together we change the industry for the better, lift one another up, and improve the consumer's homebuying and selling experience.

That's a big part of our agenda at Connect, where our community comes together for a weeklong celebration of innovation, hard work, success, change and progress. This time around in New York we're going to be focusing on the pressures of change, of customers, of technology.

And always working hard for attendees are the Inman Ambassadors.

Register for Connect New York

Inman Ambassadors are members of the Inman community who volunteer at each event to make introductions, help new attendees find their way and bring the spirit of connection alive. They connect the dots between the online and the offline, facilitate learning, and are a key part of making all the networking opportunities so successful.

We've invited new members with fresh perspectives, energy and ideas to the group. They join some of our most steadfast supporters and longtime Ambassadors.

Inman Connect New York takes place January 29 – February 1 at the Marriott Marquis in Times Square.
