SetSchedule RE Data & Practice Management

SetSchedule delivers the right opportunities, appointments, and valuable insights to close the deal.

SetSchedule is the technology innovator revolutionizing real-estate business development by filling Realtors' calendars with a targeted stream of real, interested local buyer and sellers, not a list of leads.

SetSchedule is the first and only real estate marketplace that connects home-shoppers, buyers and sellers with real estate pros ON DEMAND!

The multi-patented matching engine leverages:

- AI-powered predictive data
- Insider market insights
- Automated marketing software tools
