Inman announces the launch of the Property Pavilion at ICLV19

July 16, 2019 – Inman Group® announced the Property Pavilion, a dedicated space in the exhibit hall at Inman Connect Las Vegas, July 22 – 26, 2019.

Inman Connect is a multi-day event where over 4,000 top performing real estate professionals invest in their business, shaping the year ahead by expanding their skill sets and deepening their referral networks. Attendees include leading real estate franchises, independent brokers, MLS and association leaders, tech entrepreneurs and marketing executives.

The Property Pavilion will house companies that are uniquely positioned to help individuals and companies pivot into residential property management, with solutions that vary from tenant apps to database management. Many of these vendors are new to the Inman audience, which has shown a strong appetite for the addition.

“As technology transforms the industry, professionals are expanding their skill set to include property management, vacation rentals, and investments,” said Brad Inman, Chairman. “We’re dedicated to helping them grow and thrive.”

For more information on Property Pavilion sponsorship and/or exhibitor opportunities at Inman Connect, please contact sales@inman.com.

Companies featured in the Property Pavilion will include:
